» The mt product lines

blackLine Elegance in black

The blackened product range is of the usual high quality and durability. In addition to their functionality, MT blackLine items become important components of a modern design. From industrial style to classic luxury interiors and historical replicas.

Shop

- Matt black:
  Stylish and aesthetic
- Less sensitive to soiling
- Target group: Architecture,
  Leisure and maritime

securLine For a secure hold anywhere

TX-Pin Security drive forms enable more secure connections, longer tool life and more efficient production processes. Especially when rotational movements occur frequently and need to be controlled, the swivels and swivel shackles prevent unwanted twisting of ropes and chains. The ideal choice for safety-critical applications.

Shop

- Increased safety with
  Protection against tampering
- Improved force transmission
- Greater assembly efficiency
- Reduced tool wear
- Target group: Sports and leisure,
  maritime and industry

duplexLine for demanding applications

Duplex D6 products offer particularly good resistance to pitting and intercrystalline corrosion. A powerful combination of strength and corrosion resistance. Classification in resistance class IV (CRC IV - strong) for components and fasteners. This makes it well suited for challenging applications with chemicals, salt and seawater, oil and gas, high loads, etc.

Shop

- High corrosion resistance
  (PREN up to 38.07)
- Sea water resistance -
  also for waters up to 35°C
- Low weight - high breaking load
- Wear-resistant, low maintenance
- Very smooth surface -
  ideal for anchor chains
- Target group: Maritime,
  Industry and architecture

mt Series Marinetech exclusive label

Items that we have manufactured according to our own design and quality specifications and that are only available from Marinetech. Distinguished by high quality standards and optimum functionality in use.
These can be standard products from our range that we have manufactured from a higher quality material, in an additional size or a different color, or new items with new functions.

Shop

- Exclusively available from Marinetech
- Excellent, high quality standard
- Optimum, tried and tested function
